PROJECTS

Deluxe Payment Platform

The Deluxe Payment Platform is a comprehensive solution designed to facilitate seamless payment processing for merchants. It offers a range of features and tools to enhance the payment experience:

- **Online Forms:** Customizable donation forms that align with your organization's branding, enabling efficient online fundraising.
- **Sale Item Management:** Tools for setting up sale items with fixed or variable pricing, allowing customers to enter custom amounts as needed.
- **Hosted Payment Forms (HPF):** A solution for accepting online payments without the need to maintain PCI compliance on your own systems.
- **Transaction Processing:** Capabilities for setting up recurring payments, with required components such as Amount and PaymentMethod objects.
- **Digital Wallets Implementation:** Guidance on integrating digital wallets into your payment options, providing customers with more flexibility.

Tripwerkz

Tripwerkz is an online travel platform that simplifies travel planning by offering a comprehensive range of booking services. Users can arrange flights, hotels, vacation homes, car rentals, and more through the website. The platform emphasizes providing competitive pricing with no additional taxes or hidden fees, ensuring a transparent booking experience. In addition to standard travel services, Tripwerkz offers eSIM options, airport transfers, event tickets, travel insurance, and yacht rentals, catering to diverse travel needs. The company collaborates with partners like Expedia and Way Away to enhance its service offerings. Based in Singapore, Tripwerkz positions itself as Asia's leading travel technology company, aiming to connect travelers with vibrant cultures and fascinating landscapes worldwide.

EDUCATION

Bachelor of Computer Applications (BCA)	2024 - Present
Kalasalingam Academy of Research and Education.	
Diploma in Computer Engineering (DCE)	2016 - 2019
Mohamed Sathak Polytechnic College.
